Lismore Captain Reserve Champion

McDougall Bros. again kept Champion in the public eye at the sale of pure bred bulls at Calgary from April 2nd to 5th. In the class under two years of age A. S. McDougall was first and reserve champion. While the champion, bred by the University of Alberta, sold for \$850, "Lismore Captain," Mr. McDougall's entry realized \$530, so that it would appear there was a considerable difference in opinion between the buyers and judges as to the quality of the bulls. In fact the McDougalls received the highest prices paid for bulls in the show class in every instance where they had entries.

A. S. McDougall was also placed fifth in the class eight months and under with "Finnery," this animal selling for \$300. In the sale he also disposed of "Lismore Hero," under 24 months, for \$280 and "Lismore Comrade" for \$260.

C. D. McDougall sold "Lorne Champion," a bull under eight months for \$275 and bought "Cambus Broadhrook 6th" (Imp), bred by Alexander and Addie, Scotland, a highly promising animal.

A. S. McDougall also purchased "Balearn Beauty's Pride" (Imp), a bull bred by F. L. Wallace, Airdershire, Scotland and imported by Jos. Hagerty of Oids, paying \$800 for this splendid animal. A half brother of this bull was sold to the Prince of Wales for \$2,200, who later disposed of the animal for \$2,800. This is undoubtedly one of the best bulls ever brought to this part of the province. He also purchased "Balearn Bessie," (Imp) from the same breeder, so it is evident Mr. McDougall does not intend to be outclassed in Shorthorns in future.

Conservatory Recital Was Musical Treat

The annual recital by pupils of the Lethbridge Conservatory of Music was held in the new Community hall on Monday evening, the capacity of the hall being tried to the utmost. If possible this popular event was more popular than ever this year and Miss Wilson and Mr. Harper are to be highly congratulated on the splendid program and its presentation. A special feature was the presence of the Conservatory orchestra, from Lethbridge, some twelve strong, their efforts being highly appreciated. Following is the program:

Selection..... Conservatory Orchestra
Director, J. G. Harper
Piano Selection, Drifting in Fairland
Betty Caldwell
Reading..... Catherine Gottenburg
Piano Solo..... Fairland Music
Barbara Dow
Violin Solo..... Cavatina
Rex Caldwell
Piano Solo..... Dixie Land
Richard Latiff
Piano Solo..... The Guitar
Joan Siler
Violin Solo..... Meditation
Helen Higgins
Piano Solo..... Wood Nymph's Harp
Lena Stephenson
Action Song..... Waltz of the Elves
Piano Solo..... On the Ice
Catherine Gottenburg
Violin Solo..... Improvisation
Martin Gottenburg
Piano Solo..... Water Sprites at Play
Marion Patterson
Violin Solo..... Serenade
Bert Hoskins
Piano Solo..... La Jeunesse (Youth)
Ruth Anderson
Piano Duet..... Waltz of the Sprites
Lena Stephenson and Richard Latiff
Piano Solo..... Daffodils
Helen Hoskins
(Continued on back page).

OBITUARY

STARR

Venice Irene Hollingsworth, wife of Charles F. Starr died in San Fernando, California on Friday, April 5th, aged 29 years. Besides her husband she leaves three children and a sister, Abbe, living in California. Deceased, with her husband, was a resident here for some years and had many friends in this vicinity. She was a prominent member of the O. E. S., and members of this order will hear of her death with deep regret. She had been ill for some time, tuberculosis being the cause of her death.

HOLMAN

Mrs. Elizabeth Ellen Holman, aged 73 years, of Champion died in a local hospital Tuesday following a short illness. Born in Seio, Oregon, the deceased moved to Canada, settling in Champion 22 years ago, where she had resided ever since. Two weeks ago she came to this city to visit her daughter, Mrs. F. Galloway, 500 First street west. Besides her daughter she is survived by five grandchildren, Alonzo, Ellen, Ruth, Gale and Pearl, all of Calgary; and by an adopted daughter residing in Loveland, Colo.

Funeral services will be held at 3:30 o'clock Thursday afternoon in Foster and Foster's funeral chapel. Rev. Dr. H. Bingham will officiate. Burial will follow in Burnside cemetery.—Calgary Albertan.

W.I. Add Vegetables Flower Show Program

The regular monthly meeting of the Champion W. I. was held on Tuesday, April 9th at the home of Mrs. Frisken, Mrs. Beaulieu presiding. After the singing of "O Canada" Mrs. Alcock reported the Club Women's Creek.

A memorial for the late Mrs. Smith, who had been a charter member was then held. Following a loving eulogy by Mrs. Beaulieu, Mrs. Hunt sang, with great feeling, "I Shall Know Him," after which a two minute period of silence was terminated by the President quoting:

"They never quite leave us, the friends who have passed
Through the shadows of death to the sunlight above.
A thousand sweet memories are holding them fast
To places they blest with their presence and love."

The roll call was answered by the members giving ideas how to make Alberta more beautiful. Mrs. Beaulieu was appointed a delegate to the annual convention at the end of May. In case Mrs. Beaulieu is unable to go, Mrs. Bastin takes her place.

It was decided to add vegetables to the exhibits at the Flower Show this year. Committees were appointed, Convener of Flower committee, Mrs. Stephenson, of the Vegetables, Mrs. Woodnall and of the Tea, Mrs. Watkins.

It was decided to have a School Clinic and a Baby Clinic. Mrs. Bastin convokes this work.

Piano were also set about for a May Poll dance and entertainment.

An invitation to meet with the Cannagay W. I. on Friday, May 10th, was unanimously accepted. Links of Empire letters from Dorset Lulworth, England were read by Mrs. Alcock.

Rev. Mr. Hunt then contributed a very pleasing portion to the program. After reciting a Native Psalm by Bliss Carman he sang "Down the Vale" accompanied by Mrs. Hunt. A paper on the all-importance of Agriculture was read by Mrs. Alexander. The next meeting will be held at the home of Mrs. Ulrich. A collection of \$4.00 was gathered in and then the nineteen members and seven visitors all partook of delightful refreshments served by Mrs. Stephenson, assisted by Mesdames Cowell and Watkins.

The strong glow stronger and the week became weaker under the burning desert sun. Norman Kerry and Lewis Stone in "The Foreign Legion."

THURSDAY, April 11, 1929

NOTES AND COMMENT.

The storm experienced here on Thursday and Friday was evidently a very mild gesture on the part of the weather as compared to what occurred in parts of the United States and in the eastern provinces. While we had some snow drifts owing to the high wind, but very little discomfort was caused by the storm. Live stock exposed to the storm was in a worse position than the humans.

The old age pension will soon be paid in Alberta. This is supplementing promises made in regard to this matter. The only undesirable feature of the act is the fact that municipal palities must pay ten per cent of the cost to the province. It seems Ontario has this same provision, but the bulk of the people will consider the three western provinces which have previously accepted old age pensions made as good if not better copying than Ontario.

The amount of labor and expense involved in drilling an oil well are partly illustrated by the amount of material that has been moved to the site of the well being drilled near Champion. The permanency of the quarters supplied for the crew also indicates that a deep test involves months of work and preparations are made accordingly. Everyone will hope satisfactory results will be secured. An assured oil field in this vicinity would prove a boon to the entire district.

Everyone will agree that if Canada is to prosper Canadians should purchase Canadian made goods in every possible instance. The same thing applies in regard to making purchases at home. There is a double liability, however, in that case. The Canadian manufacturer must provide wanted goods at prices that compare favorably with that of goods made elsewhere, while the local merchant must provide in service for the difference in price that must occur in some instances. Both the home manufacturer and the home merchant are entitled to every preferential consideration in making purchases.

Drivers' licenses must be secured after July first by all who would drive a car. The cost is low, being fifty cents, and from this point of view the change is not very objectionable. It is this multiplying of licenses for this, that and the other thing that will finally make it necessary for a man fully equipped for a trip to carry a load something like the pilgrim started with from the City of Destruction. Why couldn't one license be originated that would cover everything from a liquor permit to a dog license and when such a license was cancelled deport the individual without further parley. Instead of buying collars for dogs, in that instance, the man could wear the collar with his

license tag attached where everyone could see it and he would not be penalized for leaving it at home.

Private or public ownership of public utilities is a bigger question than it looks on the surface. Discussing the deepening of the St. Lawrence river, E. C. Drury, former premier of Ontario, is of the opinion that every province should be left to its own opinions in this matter. Ontario has a public owned system while Quebec leans to private ownership for the development of power propositions.

Scarlet fever is prevalent at many points surrounding this district. It is to be hoped if it makes its appearance here quarantine regulations will be observed as rigidly as possible. Previously it would appear as though almost every possible effort was made to avoid the regulations than to observe them.

Farmers will have an opportunity to exercise the book keeping knowledge they have acquired in making up income tax returns in keeping track of their gasoline purchases and applying for the four cents refund allowed where it is used on the farm. It will be largely in the way of a savings account without interest and will be very much in the nature of an extra pool payment on wheat. Great care should be taken not to confuse the gas used in cars with that used on the farm, otherwise you may acquire notoriety as a gasoline "book-keeper."

The village is continuing the planting of trees on the streets in an effort to beautify the corporation's premises. There would appear to be room for the query as to why this kind of improvement is confined to one particular portion of the village. Perhaps some of the councillors never travelled around the village. We should have a bus for their convenience labelled "Seeing Champion." Jas. Brown must investigate this matter.

NEWS NOTES

The first group of British boys, forty in number, coming to Alberta during the present season under the arrangement between the Provincial Government and the Overseas Settlement Board arrived in the province during the past week. They have been equally divided between the schools of agriculture at Vermilion and Olds where they are being given a month's practical training in Canadian agricultural methods which will fit them for work on

farms in the province. At the conclusion of their month's course another similar group is expected to arrive and following this two groups of British young women will come forward at intervals of a month for courses of training in practical home economics before being placed as domestic farm help.

General satisfaction is expressed throughout the province with the results of the campaign to promote the use of better seed grain recently carried on under the direction of the Department of Agriculture. A marked improvement in the quality of seed used last year was noted as the result of a similar campaign and it is hoped that a corresponding improvement will be apparent in 1929 crop.

D. H. Galbraith, M. L. A., of Vulcan has been elected president of the Alberta branch of the Canadian Society of Technical Agriculturists for the year 1929. Professor R. D. Sinclair, University of Alberta, is the new vice president while J. M. Manson, also of the University staff, has been re-elected as secretary-treasurer and C. Tapp and Professor J. McGeorge Smith have been named on the executive committee of the organization.

Good progress is being made in the revaluation of farms occupied by soldier settlers according to announcements made by officials of the Dominion Land Settlement Branch. A good start was made with this work last fall and inspectors of the Settlement Branch will continue their duties along this line in many districts in the province as soon as road conditions permit.

A record price was established at the Calgary Spring Show during the past week when the first prize calf in the Boys' and Girls Calf Feeding competition sold for three dollars a pound. This calf, an Aberdeen Angus, shown by Harold Richardson of Bowden, was an outstanding winner in its class. It was purchased by Mrs. Hind of Hind's Meat Market, Calgary, and at a weight of 940 pounds, brought its young owner the handsome return of \$2,820.

The United Church of Canada

What is the church? Not just the United Church, or any one church but the Church entire, universal. "The union of those who love, in the service of those who suffer"—is an often definition which may prove a challenge and an inspiration.

UNITED CHURCH SERVICES

11 a.m. Sunday School, with adult class and classes for all ages younger.
9 p.m. 1st and 3rd Sunday of each month. Bussan, 2nd Sunday of the month. Sanderson, 4th Sunday of the month. Fireguard, 7:30 Evening Worship.

Lutheran Church Services

The Lutheran church still preaches the Gospel of Christ and His crucified. Lutheran services will be held, the Lord willing, at the Lutheran parsonage on Sunday, April 14th, at 11:00 a.m. Sunday School after services.

You are heartily invited to attend and to bring your friends.
REV. F. A. DUENNING, Pastor.

Spring Time And Health

Spring is the season of spring poets, rising sap, the return of the birds and—spring cleaning—. The first breath of Spring seems to arouse in the breast of the gentlest woman an irresistible desire to turn the house inside out from cellar to garret. It is a yearly rite, an institution. Things no longer of use are discarded and replaced, necessary repairs are done where required, everything in fact put in ship shape order for the long season ahead. But does that same painstaking housewife spring-clean the human machines on which she depends to direct and accomplish this seemingly important work? Does she realize that she cannot replace the broken or worn out mechanism that is her body, with which she must accomplish the daily duties of her small world? No, but the breaking down of the human machine can be prevented. The yearly physical examination is much more necessary for the beautiful and intricate body God has given man with which to do his work on earth, than the annual Spring Clean of house and yard. A brilliant mind can accomplish a little if hampered by a broken body. Daily bread depends on a sound body. Why not make an appointment with your doctor this week and have that spring clean. Make it an annual affair.

Literature on the conservation of health can be had from the Canadian Red Cross Society, 107 Civic Block, Edmonton.

Books Recommended For Children

Following is a list of books recommended by Miss Thomson of the Calgary Public Library, a recent speaker at a P. T. A. meeting here, in which suitable literature for children's reading was under discussion:

Clemens—Tom Sawyer, Huck Finn, Alcott—Little Women, etc.
Coolidge—What Katy Did, etc.
Dunyan—Rigby's Progress.
Defoe—Robinson Crusoe.
Avarian Nights.
Swift—Gulliver's Travels.
Pyle—Men of Iron, Robin Hood, Mother Goose.
Goldsmith—Goody Two Shoes.
Tytimer—History of the Hobbits.
Lamb—Tales from Shakespeare, Mrs. Leicester's School.
Fair Tales.
Field—Rainbow Fairy Tales.
Carroll—Alice's Adventures in Wonderland.
Roskin—King of the Golden River.
Brown—Granny's Wonderful Chair.
Barrie—Peter Pan.
Graham—Wind in the Willows.
Mowley—I Know a Secret.
Chapman—She of the Sea.
Tarn—Treasure of the Isle of Mist.
MacMillan—Canadian Fairy Tales.
Canadian Wonder Tales.
McSpadden—Unknown Fairies of Canada.
Poetry.
Field—Poems of Childhood.
Rossetti—Sing Song.
Blake—Song of Innocence.
Stevenson—Child's Garden of Verse.
De La Mare—Peacock Pie.
Fyfe—Fables and Fancies.
Milne—When We Were Very Young, Now We Are Six.
Tessdale—Rainbow Gold.
Untermyer—This Singing World.
Fish—Boys Book of Verse.
Drumwater—Way of Poetry.
Little Folks.
Rickett—Bojagi Tree.
Pyle—Six Little Ducklings, Three Little Kittens, Bunny Book, Black-eyed Puppy.
Lada—Peter and Polly Stories.
LeFevre—Cock, the Mouse and the Little Red Hen.
Bigham—Mother Goose Village.
Howard—Amiable Ann and the Green Umbrella, Twins and Tabby.
Bianco—Velvetten Rabbit, Little Wooden Doll, Adventures of Andy.
Field (Rusby)—Little Dog Toby, Polly Patchwork, Magic Fawn Shop.
Bacon—Lion-hearted Kitten.
Carroll—Picture Tales from the Russian, More Picture Tales.
Milne—Winnie the Pooh, House at Pooh Corner.
Older Boys and Girls.
Moyle—Trade Wind, Clearing Weather, etc.
Boyd—Drama.
Mukerji—Ghond the Hunter, Gay-neck.
Skinner—Roselle of the North.
Bennett—Judy of York Hill, Camp Ken Jockety, etc.
Blake—In the Grip of the Barren Lands.

It's the money you spend wisely that counts

Someone has said that a rich man has more fun keeping a budget than a man of moderate means. Because the money he saves is tangible, he can see it and invest it, and put it to work. Be that as it may, a budget is an invaluable help to anyone.

A budget helps you keep the right proportions between expenses, prevents you from spending more than is best for food and rent, or crimping more than you should on entertainment and luxury. But a budget is not a reason for getting cheap things, things in which you forfeit quality by attempting to save on price. A budget says to you: "Here is the amount of money you should spend for this. Spend all of it, but don't spend more." And it is up to you to get the best that can be got for that amount.

The person who spends his money wisely, who likes to get the utmost for it, always finds out from advertisement how he can spend it to the best advantage.

It is surprising how much more wisely you can buy if you make it a habit to read advertising. A little more value here . . . a little better workmanship there . . . in this thing slightly more durability . . . that product perhaps a bit finer. And every cent of money you spend for advertised merchandise will bring you greater comfort, a higher quality of goods, and a standard of excellence that is nationally recognized.

It certainly pays to read the
advertisements

Cameron—War Trail of Big Bear.
James—Snaky.
Dickie—Unsungmunk of the Barrens.
Illustrations.
Brooks—Three Bears, Johnny Crow, etc.

Greenaway—Marigold Garden.
Pogany—Cinderella.
Falle—A. B. C. Book.
Colfiscott—John Gilpin, etc.
Coxe—Sleeping Beauty, etc.
Annie Carroll Moore (New York Public Library)—Guides to Children's Reading.

Three volumes—Roads to Childhood, New Roads to Childhood, Cross Roads to Childhood.

Moore—Books for Children.
Field—Finger Posts to Children's Reading.
Givitt—Children's Books.

Alfred Mueret, of Bourges observatory, France, who predicted the cold wave of January and February several months previous, says the earth must expect colder winters and less rainfall until 1935. The Abbe said

the weather would be colder because the earth is nearing the end of a thirty-four-year cycle of solar activity. Many earthquakes were predicted for 1929 and 1930, and considerable volcanic activity.

Lethbridge to Have Stock Show and Sale

The Lethbridge Exhibition Board is fostering and have appointed a committee to organize a show and sale of such stock as will be in demand this autumn, namely feeder steers, feeder lambs, ewe lambs, breeding ewes and rams.

The show and sale will be held at the Exhibition grounds at Lethbridge on Oct. 2 and 3, 1929. These dates are tentative and may be changed to suit seasonal developments. A sale of

Lethbridge has a distinct advantage to both the seller and the purchaser, in that it will save unnecessary freight charges and unnecessary handling of stock.

The show and sale committee would welcome enquiries, either from those with stock to sell, or from prospective buyers. These should be addressed to the secretary of the committee, Mr. R. W. Gardner, Sherbrook Bldg., Lethbridge, or any of the members of the show and sale committee, the personnel of which is as follows: M. L. Freng, R. W. Gardner, C. H. Giffin, Fred Horne, Alex. McKenzie, Wilbur McKelvie, N. T. Macleod, W. H. McIntyre, Arthur Newman and George Ross.

We aim to sell goods that are built up to a quality rather than those built down to a price.—W. C. Hoskins

The West's Ocean Port

Announcement that the rails of the Hudson Bay Railway had reached Churchill on Good Friday, is the most welcome news the people of Western Canada have received for some time, heralding, as it did, the realization of a long entertained hope. For many years Western Canada agitated for the building of a railway to the Bay. It was vigorously opposed by Eastern Canada interests, and, politically speaking, the voice of the West was weak in comparison to that of the East. The West, however, kept up its campaign of education as to the merits and feasibility of the route, and ultimately all political parties in Canada became committed to the project.

Finally, plans for a Hudson Bay Railway assumed definite shape in 1910, when a branch line of the Canadian Northern was completed from Hudson Bay Junction, Sask. To the Pas, Manitoba, and the building of a Government line from the Pas to Hudson Bay was authorized by Parliament. Work commenced the following year with Churchill as the objective.

Following a change of Administration at Ottawa, Churchill was abandoned as the proposed terminus, and Port Nelson chosen. The location of the railroad was accordingly altered. The right-of-way was cleared and graded to Port Nelson and steel laid, before the end of 1910, as far as Kettle Rapids, 332 miles from the Pas.

Owing to the war and consequent lack of men and steel, operations were suspended and for some years only part of the completed railway was kept in repair.

The work thus commenced by the Liberals in 1910 was continued by the Conservatives until war, and the after-war period of financial depression stopped the work. The work, however, had only been carried on in a more or less half-hearted manner with the result that progress was slow, and the country, as a whole, lacked confidence in the undertaking, the East regarding it as a waste of public money and in the nature of a political ploy to the West.

With the acceptance by Hon. C. A. Dunning of the portfolio of railways in the Mackenzie King Government, a marked change took place. It is an open secret that Mr. Dunning made the immediate and vigorous construction of the road a condition of his entry into the Government. He truly told the people of the West that he regarded it as "his job" to complete the railway in the shortest possible space of time.

The task of reconciling the doubt which had fallen into discredit was begun, and, in view of divergent views which prevailed as to the relative merits of Churchill and Nelson as terminal harbors, Mr. Dunning secured the services of the most eminent British harbor engineer to discuss the question. He reported strongly in favor of Churchill, and his report was immediately accepted, and the road again diverted in that direction.

Since then there has been no let-up in construction. It has been pushed forward day and night, in season and out of season, with the gratifying result announced on Good Friday.

In the meantime Mr. Dunning grappled with the problem of building an effective harbor at Churchill and establishing the feasibility of the ocean route, through Hudson Straits, Alaskan and other straits, radio, and every modern invention was called into use, and in two years public opinion in the West was not only justified, but the East was largely converted, especially as huge and very valuable mineral discoveries in the northland made accessible by the railway quickly followed.

Although both steel and telegraph have reached Churchill it will require some months yet to fully ballast the road to make it capable of efficiently handling trains. There is an enormous amount of work to be done to build necessary harbor facilities at Churchill. That work is in progress and being prosecuted with the same vigor as characterized the building of the railway in the last three years. Hundreds of carloads of supplies, material and equipment for the harbor are even now distributed along the railway to be rushed in at once now that the rails have been laid.

It is anticipated contingently that before the end of 1920 freight will be handled steadily from the prairies to the ocean port, and Mr. Dunning has already announced that the Crow's Nest Pass schedule of rates on grain will apply to the Hudson Bay route.

The new route will, it is believed, effect a veritable revolution in Western transportation. In preparation for the new railway, ocean port systems have been building north and south lines within recent years, whereas formerly their policy was to so construct lines as to move everything from east to west and east to east.

With the completion of the Hudson Bay Railway one of Canada's ambitions is being realized. It is in these Western Provinces that depth to be given to the Dominion, something it has lacked since Confederation brought a Dominion into existence consisting of a long narrow strip extending from the Atlantic to the Pacific just north of the International boundary line.

Big Amount For Research

Ontario Government Increasing the Contribution For This Purpose

In conformity with the Ontario Government's offer "dollar for dollar" plan of assistance for industrial research in the province of Ontario, a bill has been introduced in the Legislature increasing the contribution of the provincial government to the Ontario Industrial Research Foundation from \$100,000, as provided in the 1920 act, to \$250,000.

Last year legislation was provided for the subvention by the Ontario government of \$1,000,000 if the same amount were subscribed by private interests. So enthusiastic was the response that that amount has

Armament Reduction

Great Britain Is Leading the World in This Connection

Right Hon. W. C. Bridgeman's speech of the other day, to which we have already referred, was noted, among other things, for how it indicates how the cost of British naval maintenance is being lessened. Before the war, the First Lord of the Admiralty pointed out, Britain had 114 cruisers. Today she has only 52. Before the war the naval estimates amounted to 24.5 per cent. of the entire national budget. Today they are only 6.5 per cent.

Facts and figures like these speak for themselves. They cannot be given any meaning other than that which they obviously bear. Anglophobes in the United States will probably find this a bitter pill to swallow. But fair-minded Americans will see in them one of the real guarantees of world peace. A nation that is building for war with an eye on imminent hostilities, would not do as Britain has done. Britain leads the world today in the move for naval disarmament, as she has always done—Regina Leader.

A TIRED FEELING IN SPRINGTIME

Not Sick, But Not Up To The Mark—Yours Truly—You Know That Sterling Tonic, Dr. Williams' Pink Pills—They Give New Vitality.

With the passing of winter many people feel weak, depressed and easily fatigued. The body lacks the force and energy pure blood and energy can give. In a word, while not exactly sick, the feeling is not right. It has left its mark upon you. Every day brings a new, rich red blood and with this comes a new feeling of vigor, freshness and good health quickly follow.

If you are pale, easily tired, or breathless at the least exertion, if you are in poor or you are troubled with pimples or eruptions, Dr. Williams' Pink Pills are just what you need to put you right. If you have twinges of rheumatism, are subject to headaches and migraines, if you are irritable and nervous, if you feel drowsy and tired, if your appetite is poor, you need the treatment Dr. Williams' Pink Pills alone will give you. They will give you new blood, new strength and new energy. It is the tonic that brings Mr. A. Marcotte, North Han, Que., writes: "I have found great benefit from the use of Dr. Williams' Pink Pills. Before I began using them I was in a badly run-down condition, and at times felt scarcely able to work. Dr. Williams' Pink Pills have given me all this since taking them. I am feeling like a new man. Even my hair has turned white and my teeth should give me this great medicine a fair trial."

Try Dr. Williams' Pink Pills for anemia, rheumatism, indigestion, or nervousness. Take them as a tonic if you are not in the best physical condition and cultivate resistance that will keep you well and strong. You can get these pills through any medicine dealer or by writing to the Dr. Williams' Medicine Co., Brockville, Ont.

Hungarian Beggers Taxed

Beggars must pay taxes on their incomes, the Hungarian Government has ruled, following an investigation which proved that beggars often made more money than working men. An organization of mendicants has been organized disbanded.

Use Minard's Liniment For The Flu.

Liver Stock Held By Indians
Holdings of farm live stock by Indians on reserves in Canada during 1928 were as follows: horses, 56,172; milch cows, 9,194; other cattle, 34,485; sheep, 3,204; swine, 9,704; hens, chickens, 108,918; turkeys, 7,715; geese, 1,196; ducks, 7,788.

MOTHER OF TWINS HELPED

Restored to Health by Taking Lydia E. Pinkham's Vegetable Compound

Mitchell, Ont.—"I had little twin babies and for quite a while after I was so weak I could not get up. I was so weak because of pain, but my legs at the last, my legs also had headaches and got very little sleep. I took Lydia E. Pinkham's Vegetable Compound, and in a short time I was able to get up and do my work, I have taken three bottles and I am fine, do my work without trouble and am gaining in weight and strength. I will gladly recommend the Vegetable Compound to anyone." Mrs. F. STATION, Box 220, Mitchell, Ont.

For Trans-Siberian Railway

Heavy Shipment Of Railway Material To Leave Vancouver For Russia

Thirty thousand tons of railway material—trucks and steel framing for box cars—will shortly leave Vancouver for the Orient, as equipment for the Trans-Siberian Railway. The order for this material was placed thirteen years ago, but delivery was halted with the outbreak of the Russian Revolution, and the equipment held in the Canadian Pacific Railway's yards, at Coquitlam, until conditions for delivery were favorable.

Sore Corns Drop Off If You Use "Putnam's"

When you notice any sign of callosity on the feet or toes—that's the time to put on a few drops of PUTNAM'S CORN EXTRACT. Do this, and you prevent corns. No matter if the corn is hard or soft, if it is on the top or between the toes, Putnam's will remove it without pain. It is the only corn remedy in a TRACTOR. It does the work—and roots out the corn, quickly and without pain.

Pensions Act Modified

Amendments Will Make It Easier For Alberta Citizens

Amendments to the Old Age Pensions Act passed before the legislature prorogued, will bring some relief to the citizens in connection with the fear that a great number of the old age pensioners will drift from the rural municipalities into the cities.

An amendment to section four provides that any person having been granted a pension whilst resident in a municipality or an improvement district, shall be deemed to continue to be a resident of that district so long as he continues to reside in the province. This amendment, with the suggestion of G. H. Webster, Liberal, Calgary.

In connection with the maintenance clause, an amendment was passed providing that no person will be called upon to supply maintenance for his wife or child if it is proved that they do not come within the scope of the Income Tax Act.

Recipes For This Week

(By Betty Barclay)

TWENTY-FIVE CENT PUDDING

1 quart water.
1 cup pearl tapioca.
1 cup pearl tapioca.
1 teaspoon vanilla.
4 tablespoons butter.
19 cups brown sugar.

Cook tapioca in water until transparent. Add other ingredients. Bake one-half hour.

AMBROSIA SOUTHERN STYLE

1 lb. shredded coconut.
4 to 6 oranges.
1 to 2 cups pineapple (optional).
2 bananas (optional).

Cut sections of oranges into about three pieces, add diced banana and diced shredded pineapple. Sweeten to taste. Add coconut and serve cold. Delightful variations can be made with any seasonable fruit as peaches, pears, cherries and strawberries.

The Four Man's Friend.—Put up in small bottles that are easily portable and sold for a very small sum. Dr. Thomas' Electric Oil possesses power in concentrated form. Its cheapness and the virtue used to which it can be put make it the poor man's friend. No dealer's stock is complete without it.

The Up-Keep Of Roads

Well-constructed highways are necessary in Ontario to meet the insistent demands of traffic, but well-maintained roads are even of more importance in the interest of economy. Consequently, provincial road administrative organs and engineers are devoting a great deal of thought and attention to the care and protection of roads. In 1927, the mileage of roads under maintenance in Canada under the patrol of gang system was 44,416 miles, at a cost of \$16,024,917.

A house built of cellular glass, held together by thin iron plates, has been constructed in Japan by a native scientist. There are no windows; ventilation is provided by valves on the second floor.

The ease with which corns and warts can be removed by Holloway's Kidney and Bladder Pills is a recommendation. It seldom fails.

Alberta's farm workers received higher wages in 1928 than those of any other province in Canada with the exception of British Columbia.

Canada's Mineral Industry

Third In Importance Among the Primary Industries Of The Dominion

Addressing the 30th annual report of the Canadian Institute of Mining and Metallurgy in Winnipeg, S. J. Cook, chief of the mining, metallurgical and chemical branch of the Dominion Bureau of Statistics, said that, "Canada's mineral industry, third in importance among the primary industries of the Dominion, has brought to the nation a prestige far beyond the monetary measure of the output. First in nickel, first in asbestos, third in gold, third in silver, fourth in lead and copper, and sixth in zinc, among the world's producers. Canada enjoys an enviable position in the mining world with every prospect favorable to continued expansion."

The Oil For The Farmer.—A bottle of Dr. Thomas' Electric Oil in the farm house will save many a journey for the doctor. It is not only good for the children who suffer with colds and croup, and for the mother who suffers from pains and aches, but there are directions for its use on sick cattle. There should always be a bottle of it in the home.

Motorist after knocking over a butcher's boy: "Are you hurt, my lad?"

Butcher's Boy (picking up contents of his basket): "Dunno, he's no liver and ribs but where's his kidneys?"

YOU CAN'T DYE with Good Intentions

You can get results—after a fashion—with any old dye; but to do work you are proud of, use Diamond Dyes. That's why we put them in Diamond Dyes. They contain from three to five times more color dye on the market. Cost more to make? Sure! But you get them for the same price as other dyes.

Next time you want to dye, try them. See how easy it is to use. Then compare the results. Note the difference between the color of the material you dye with Diamond Dyes and the color of the material you dye with other dyes. Observe how the colors keep their brilliance through wear and washing. Your dealer will refund your money if you don't agree Diamond Dyes are better than other dyes.

The white package of Diamond Dyes is the original "all-purpose" dye for any and every kind of material. It will dye or restore color to wool, cotton, or any mixture of materials. The blue package is a special dye for blue wool only. With it you can dye your valuable articles of silk or wool with results equal to the finest professional work. Remember this when you buy. The blue package dyes silk very well. The white package will dye every kind of goods, including silk and wool. Your dealer has both packages.

Diamond Dyes

Easy to use Perfect results AT ALL DRUG STORES

Don't Let Foods Stale

Foods that stay fresh and delicious quickly will add variety and tempt a surprisingly long time if you cover them with Para-San Heavy Waxed Paper.

Your grocer, druggist or stationery has Para-San in the handy, sanitary, knife-cutting carton. For those who prefer a lighter paper put up in sheet form ask for Appleford's "Centre Pull" Packs.

Loyalty

If you work for a man, in heaven's work for him.

If he pays you wages that supply your bread and butter work for him; stand by him and stand by the institutions he represents.

If you live in a town, live for it; respect the great power that protects you that surround you with the advantages of civilization and that make it possible for you to achieve the best results. Speak well of it; stand by it; stand for its civic and commercial supremacy.

If you put too much an ounce of loyalty is worth a pound of cleverness. If you must vilify, condemn and eternally disparage, why resign your

position and quit the town, but as long as you are a part of a locality do not belittle it.

If you do, you are loosing the tendrils that hold you to the community, and the first high wind that comes along you will be uprooted and blown away, and probably you will never know why; such has been the experience of many.

"The Printer's Hour of Gentle Peace"

Know ye the printer's hour of peace? Know ye hour more fraught with joy.

Than ever felt the maid of Greece When kins'd by Venus' am'rous eyes?

'Tis not when round the merry case His nimble fingers kiss the type; Nor is it when, with lengthened face, The sturdy devil's tail he grips.

'Tis not when news of dreadful note His columns all with minion fill; 'Tis not when brother printers quote The effusions of his stamptown quill.

But oh! 'Tis when the weather's clear, Or clad in hail or rain, or vapor, He hears in accents soft and clear—"I'm come to pay you for the paper."

LOCAL AND GENERAL

Miss Margaret Patterson visited her aunt, Mrs. Mallory, of Kikikied during the Easter holidays.

Dr. Freeze resumed his practice here this week after a three weeks' rest, spent at Calgary and the coast.

Mr. and Mrs. J. Hagerman, who spent the winter in Calgary have returned to their farm for the summer.

Owing to the inclement weather on Friday evening last the annual meeting of the Cleverville Pioneer Club was postponed to Friday, April 12th.

Els is requested to remember the second monthly meeting on Tuesday, April 16th, when interesting work is to be done and a large attendance is highly desirable.

A. S. McDougall of Champion was elected first vice president of the Shorthorn Breeders' Association, which met in Calgary on Wednesday, April 3rd.

Mrs. Geo. Money, of Calgary, accompanied by Jimmie Brown were here last week visiting their father, Jas. Brown. They returned to the city on Saturday.

While the roads were bad in places following the storm, snow drifts being almost impassable in places, there was the usual crowd here on Saturday, although some admitted difficulty in getting through the drifts.

School opened on Monday in Champion with all the teachers back in their places after the holidays. G. Harber and Miss Woodhull of the Granum staff, who had spent their holidays here, left for home on Wednesday to start school on Thursday, April 4th.

Clyde M. Matlock has sold his farm and is holding an auction sale of his farm and household effects on Tuesday, March 10th. The offerings will include eleven horses, a number of milk cows and young cattle and a full line of implements. A. Hopkins is the auctioneer.

Mrs. Holman had resided with F. Galloway during the winter until about three weeks ago when she left for Calgary to visit her daughter, while she had been making during the winter she had recovered and her death was really unexpected. Many friends here will mourn her loss.

Where the equator crosses the desert and burns men's hearts. "The Foreign Legion" with Norman Kerry and Lewis Stone.

K. R. McLean R.O. of Anderson & McLean, Sight Specialists, 203 8th Ave. West, Calgary, will make his monthly visit to Champion Thursday, April 25th. At the Drug Store.

F. X. Beingsen sold two Shorthorn bulls and a number of fat cattle at the Calgary Spring Show and Sale and also purchased a young Shorthorn bull of proud lineage to improve his growing herd of pure bred stock.

Mark's hall was remodelled during the week into apartments during the week, L. W. Boden having charge of the work.

Say folks don't miss "The Flying Fleet" this Saturday night.

Mrs. Hunt's sister, Mrs. J. L. Wainwright of Seaside, Alta. was a guest at the paragon on Friday and Saturday of Easter week.

Coming soon, "The Trail of '88." Just too big for words.

Mrs. E. Wise and Mrs. L. M. Groves accompanied their sisters, Mrs. Mills and Mrs. Thompson to Calgary, on their way home to Wisconsin.

Wanted—Help to do farm work in the house. Must be good cook. Wages \$55 per month. T. J. Jopling. Phone 1269.

Mr. and Mrs. A. Hopkins were registered at the Marquis this week, visiting their daughter Viva at Lethbridge.

Mrs. Mills and Mrs. Thompson who have been visiting at the home of G. F. Smith, E. Wise and L. M. Groves left for their homes in Wisconsin on Thursday.

Card of Thanks

G. F. Smith and family feel that words cannot express their gratefulness and gratitude to the many friends who were so kind to them during their recent and bereavement. They wish to thank all who were so generous with contributions of flowers, also kindnesses to Mrs. Smith while in hospital.

Order Eastern Star

Royally Entertained

About forty members of the O. E. S. and Massey lodges motored out to the lovely farm house of W. M. Bowman on Wednesday, where they spent an evening in merry making and converse of different nature. Several tables of what were played. The prize winners were: Ladies, first Mrs. H. Gill; consolation, Mrs. Stephenson. Gentle first Mr. Stephenson; consolation H. Smith. Prize for guessing names of flowers, Mrs. J. N. Beaulieu. Number of articles on tray, J. McIntyre. Spelling contest, Mrs. Williamson. Mrs. Harry Smith won the prize for giving or earning the most talent money. The fund was for the O. E. S. Home fund, each O. E. S. member made so much money in different ways for this fund and the proceeds from this pleasant evening will be for same. The ladies served a delicious lunch at the end of a most enjoyable evening.
